

INNOVATORS IN BRUSH TECHNOLOGY

PARTS WASH BRUSHES

- Non-Slip Grip
- Guaranteed Not to Mushroom
- Heavy Duty Construction
- Penetrating Tip

**BRUSH RESEARCH
MANUFACTURING**

Brush Research Mfg. is proud to offer the best parts wash brush on the market today. Injection molded Polypropylene handles and synthetic filaments for resistance to solvent cleaners. All metal parts are either stainless steel or brass for corrosion resistance. These are superior tools that will make each and every job easier and faster, saving both time and money. All tube fittings are manufactured to allow use on the most popular recirculating parts washers such as Enco, KlearFlo, Safety Kleen and others. The ergonomic styles will reduce any wrist strain and allow for increased pressure during cleaning.
